

Standard Deer Gate

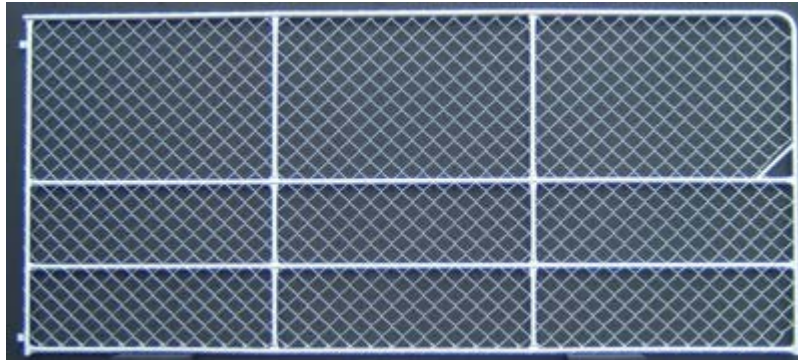

- 25mm nb high tensile galvanised pipe
 - Continuous mid rail
 - 75 x 3.15 chain link netting
- Heavy 2.24mm galvanised lacing wire
 - 20mm Lugs
- 4.88m, 4.27m, 3.66m, 3.05m standard sizes
 - off-standard sizes made to order

Heavy Deer Gate

- 32mm nb high tensile galvanised pipe
 - Continuous mid rail
 - 75 x 3.15 chain link netting
- Heavy 2.24mm galvanised lacing wire
 - 20mm Lugs
- 4.27m, 3.66m, 3.05m standard sizes
 - off-standard sizes made to order

Halden Deer Gate

- 25mm nb high tensile galvanised pipe
 - Two continuous mid rails
 - 75 x 3.15 chain link netting
- Heavy 2.24mm galvanised lacing wire
 - 20mm Lugs
 - *Two 25mm nb horizontal mid rails*
- 4.88m, 4.27m, 3.66m, standard sizes
 - off-standard sizes made to order

Deer Fence Step-through Gate

- 25mm nb high tensile galvanised pipe
 - 75 x 3.15 chain link netting
 - Heavy 2.24mm galvanised lacing wire
 - 20mm Lugs
- The gate shown is installed with supporting posts; it is typically installed directly into a 13 line deer fence.
